

Stops Urine Odor in Seconds

HaloShield® Odor-Control Underpad

A fresh solution to the problem of urine odor.

- Haloshield® reusable underpads and adult briefs are a major development in antimicrobial protection that stops unpleasant, embarrassing urine odors at the source.
- Developed by PhD scientists with over 20 years of research, the proven and patented urine odor-killing power of our suite of washable incontinence products is renewed with every wash in regular chlorine bleach.

Smart

- Non-irritating for sensitive skin.
- More economical and better for the environment than disposables.

Money Saving

- Does not require expensive softeners...saves on chemicals.
- Reduces the need for masking agents like deodorizing sprays.
- Energy efficient and quick drying...costs less to process.

Safe & Dependable

- All Salk washable incontinent underpads and briefs are Safe Guard certified meeting CPSIA requirements for ortho-phthalates and extractable heavy metals.
- Latex free.
- Proudly made in the U.S.A.

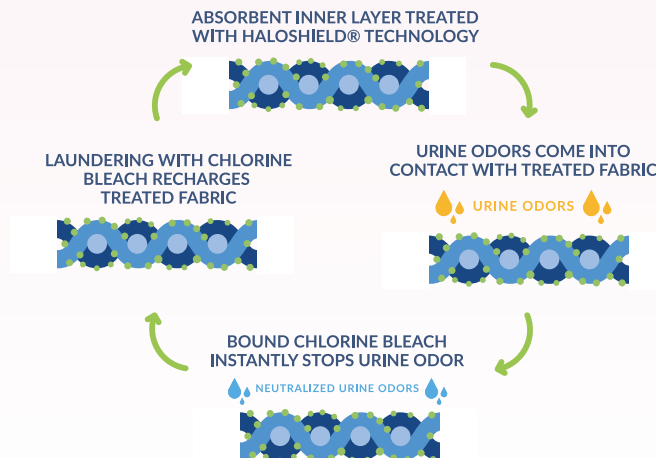

- One underpad per package

Style No.	Size
1990H	23" x 36"
1994H	32" x 36"
1997H	32" x 36" with 18" Tuck-in Flaps
