

## FEATURES + BENEFITS

### REDUCTION AND PREVENTION OF PRESSURE ULCERS

- Keeps the skin dryer with a wick-away barrier
- 2x the absorbency of standard incontinence pads
- Superior patient positioning for wound care
- Improved visibility with tear-away incontinence pad

### REDUCTION IN NURSE INJURIES

- Easier to turn patient with extended velcro support arms
- Prevents and reduces the risk of injury caused by unassisted repetitive lifting, cleaning, and repositioning patients
- Eliminates continuous stress of holding and securing patient

### IMPROVEMENT IN MEETING Q2 PROTOCOL

- Faster to turn and clean by 59% (22 to 9 minutes average)
- Simple to use – no change in nurse routine

### IMPROVEMENT IN PATIENT SATISFACTION

- No hands digging into patient skin
- The patient feels less exposed and more secure

### REDUCTION IN COST TO HOSPITAL OR ORGANIZATION

- Reduced pressure ulcer injury costs
- 5-Star rating improvement (CMS)
- Fewer lawsuits and worker comp claims
- Nurse time savings of 1-3 hours per shift

## NURSE TESTIMONIALS

“Benefits are career changing...helped save me from injuries.”

“Our pressure ulcers went down by almost 50% with your product!”

“The Q2 saved me a lot of time. Saved me from undue strain on my back.”

“If I had your product, I would not have gotten hurt.”

## PATIENT TESTIMONIALS

“I don't feel like I'm going to be pushed or fall out of the bed.” **Betty S. – 78 years**

“It's less painful without hands and fingers digging into my skin and pushing on my back to try to hold me up!”

**Tim L. – 60 years**

“I feel less scared.” **Barbara G. – 87 years**

“It feels so comfortable having the pad around me and not my whole hiny hanging out. It's less embarrassing.”

**Ruth D. – 75 years**
